

~~Matthews~~

What do you think about the behaviour in school?

Good - No bullying although there is some pushing at playtime + lunchtime, so it could be better at these times.

Richer Values

We respect everyone, which is very important + makes behaviour good.

Is there any reward systems in place?

Dojo's - electronic rewards in class

RV Dollars - Max of 5 per week for, homework, Uniform, reading, attendance + GTBG. lovely big reward in the summer.

Good to be Green parties - Crab football, bouncy castles, Halloween parties lots of good things.

Do you think the reward system is fair?

Children thought the rewards system was very fair, and is the best.

What are the consequences of poor/bad behaviour?

Children said the School operates a card system for poor behaviour. You get 3 warnings + chances to improve behaviour then you get a yellow card, then if you're still naughty then it will turn to red, then if you get 3 reds you can't go to the GTBG Party.

DB, MW + GS also get to see behaviour on SPTO reflection time if your behaviour is bad, and you

Do you feel safe at school? have to go and see Miss Carnuthers to think about what you've done.

Out of the 10 Children I spoke to 5 said that they did feel safe + 1 child said that sometimes he didn't, + that was when others were pushing at lunchtime/playtime.

Children felt safe from time they entered the site, they knew that we have CCTV + electronic doors + gates. Teachers deal with issues straight away.

How do you think we could make things better?

Children wanted more cameras, especially on playground.

Children said they would like more lunchtime supervisors on KS2 yard.

Children thought School Council was ineffective they don't ask the class questions or tell them anything.

Mrs Matkin used to be good + sort out all problems since she left it's not as good.
