

River View Primary and Nursery School

Governor Visit Report

Name	ISABEL DAWKINS
Date of Visit	8.11.2018
Focus of Visit	R.W.I
Classes/staff visited	KS1/3 42 36
Summary of activities eg observing classes, talking to staff and pupils, looking at resources, had lunch etc	
Observed groups at different stages of development I thought the resources used including projection of pictures held the children's attention. The teacher put the lesson across	
What I have learned as result of my visit I have learnt that the schemes used i.e. R.W.I and the White Rose system has had a huge beneficial impact on both staff and pupils	
Aspects I would like clarified/questions I have I will always have questions about Maths teaching + development as I myself have always struggled with this subject. Therefore anything I can learn is a plus!	
Positive comments about the focus I feel the whole school is determined to improve on the quality of achievement. The children are so interested in the lesson, and the way the teacher put this across	
Ideas for future visits To see how the White Rose maths system is developing with the children.	
Any other comments The enthusiasm of the teachers is admirable The extra time they give to prepare their lessons is valuable. I feel the school should get the recognition it deserves. The subject leaders were most helpful & informative	

really well

Signed I. Dawkins
