

River View Primary & Nursery School

Governor Visit Report

Name:	CHRIS STOKES.
Date of Visit:	27-1-2020
Focus of Visit:	MATHEMATICS
Classes/Staff visited	AMY BOOTH.
Summary of activities eg observing classes, talking to staff and pupils, looking at resources, had lunch etc <i>Conversation with AB over the Maths programme at Riverview</i> <i>Discussed planning, areas of concern, things to move forward, tools used etc.</i>	
What I have learned as result of my visit? <i>That Maths in the school is in a good position, there are areas of concern</i> <i>ie year 6 Arithmetic, seems to be area of concern, and reasoning what</i> <i>was previously judged as an area of concern isn't as bad as first thought</i> <i>fluency seems to be prevailing</i>	
Positive comments about the focus: <i>That Maths is in a good position. That the Maths lead has a good</i> <i>overview of current strengths and weaknesses of the school.</i> <i>White Rose has had a positive outcome on future standards and is a good tool</i>	
Aspects I would like clarified/questions I have: <i>The peer to peer and self assessments are embedded and used for</i> <i>strengthening the development of the children.</i>	
Ideas for future visits <i>To see the progress of arithmetic and reasoning</i> <i>to see the reviews embedded</i>	
Any other comments <i>Pleased that Maths seems to be in a good position</i>	

Signed: Chris Stokes
(Governor)
