

3 June 2024

Dear Parents/ Carers,

I am writing to inform you of the proposal to develop a Special Educational Needs and/or Disability (SEND) Resource Base at River View Primary and Nursery School.

Staffordshire County Council want to ensure that children with SEND receive the education they need.

There is an increased demand for school places for children with SEND in the area and limited capacity at the local special school Fountains Primary School. Riverview Primary and Nursery School and Fountains Primary school have been working in partnership to develop an approach to meeting the needs of children in the area who require specialist provision or have SEND needs.

The proposal is to develop a SEN Resource Base at River View Primary and Nursery School.

The County Council and the Governing Body of River View Primary and Nursery School want to hear the views of parents, local families, local community, school staff, governors, local schools and other bodies on the proposal to establish a SEND Resource Base at River View Primary and Nursery School

As part of these proposed changes there will be a 4-week consultation period within the River View Primary and Nursery school local community. This will provide the opportunity for you to read about the proposed changes, see the plans for the school's development, and attend a consultation event at Riverview Primary and Nursery school on **Wednesday 19 June at 2pm**

The consultation document is available to view on the Staffordshire County Council website here:
