

RICHER Values

As we move towards the end of this academic year, it is a wonderful time to reflect on our values that make us who we are. At River View, we believe in living our RICHER values: Respect, Independence, Caring, Helpful, Equality, and Resilience, in everything that we do. Together, we are not just a school; we are a community striving to create a nurturing environment where everyone feels valued and empowered.

Resilience Day

We are excited to share that on 20th May, we had a fantastic visit from Rock Kidz! This vibrant event focused on our RICHER Value of Resilience, encouraging our children to embrace challenges and never give up. The children enjoyed an exhilarating session where they learnt the inspiring song "Don't Quit."

Through singing, dancing, and engaging in fun challenges, the children discovered the importance of setting goals and dreaming big. The key messages from the session empowered them to believe in their own abilities and to keep pushing forward, no matter the obstacles they face.

The children were absolutely brilliant, all dressed up as if they were heading to a concert, showcasing their creative flair! It was wonderful to see their costumes reflecting their individual personalities and favourite musical icons.

Throughout the day, we delved into the theme of resilience with various activities that really got the children engaged. The Commando Joe challenges were a particular highlight, pushing them to work together and think on their feet. It was inspiring to witness their determination and team spirit!

The creativity continued as they designed their own resilience superheroes, complete with unique powers to help others overcome challenges. Each superhero was a reflection of their imaginative minds, and they were so proud to share their creations.

It was a joy to see all the children fully immersed in the activities and expressing their creativity whilst learning vital life skills. We encourage everyone to continue embracing resilience in their everyday lives. Here's to dreaming big and achieving our aspirations together!

The View Point

Online content—Violence and dark themes

We have had a few concerns recently that very young children have come to school talking about violence and frightening images that they have seen online. In particular, "The Backrooms" seem to be one that pops up in Roadblox and is not age appropriate for Primary aged children..

We have attached some information from Staffordshire Education Safeguarding Advice Service, they have requested we share this with parents. Please do take a few minutes to understand the potential impact on young children and some tips on how to keep your children safe from exposure to this type of content.
